

BARRIE ERSKINE / OAKVILLE BEAVER

## HOT ROD

**WINNING MUSTANG:** From left, Ross Stirton, Danny Cordier and Steve Stirton with the 1967 Ford Mustang convertible they restored and which picked up a first place win in the semi-custom convertible class at the Buffalo World of Wheels car show recently. Their shop, Stirton Hotrodz, is a division of Ross' Auto Custom and it built the '67 Mustang convertible for an Oakville resident. The Buffalo show was an International Car Show-sanctioned event. According to Ross Stirton, Oakville is home to many custom cars and the town is recognized in the car world as being home to some very serious collectors and car enthusiasts, who often show off their classics in the regular Cruise Nights held in Oakville and the surrounding areas.
