Who Should Incorporate?

- Any business whose annual net profit is in excess of \$20,000;
- Any business which has a risk of being sued which in today's litigious society is just about everybody.

Why Should I Incorporate My Business?

- To pay less income tax.
- To protect your personal assets from your creditors.
- To give your business greater credibility.
- To protect your business name.

Why Should I Have 'The Incorporators' Incorporate My Business?

- Our rates are one-third to one-half that of our competition.
- The Articles of Incorporation that we prepare for you will be designed in such a way as to provide you with maximum flexibility in your personal and corporate income tax planning.
- We have been incorporating companies for over twenty-one years.
