

# Up to the challenge

IAN HOLROYD / SPECIAL TO THE BEAVER

**BANKING ON BEDPANS:**  
Representatives from all six major banks hit the streets of downtown Oakville last Friday, filling their bedpans with donations from passersby in support of the 2010 Bank Bed Challenge. Proceeds raised by the event will go toward the purchase of acute care hospital beds for Oakville-Trafalgar Memorial Hospital. The Bank Bed Challenge will take place in downtown Oakville on Sunday, May 2. From left to right are the teams from Scotia Bank, Royal Bank, HSBC, CIBC, TD Bank and Bank of Montreal.

**IS INTERLOCKING STONE AN ECO-FRIENDLY CHOICE?**

**INITIAL INSTALLATION** can be done mostly by hand using manual tools. Asphalt and poured concrete, on the other hand, require heavy machinery and equipment to transport and install.

**MAINTENANCE & REPAIR** is merely removal and re-installation of the same stones. Asphalt and poured concrete need to be destroyed and/or replaced, either in unsightly patches or fully, using new material - resulting in old material to go to waste.
